

EXCITING PLAY IN SECOND POLO GAME FOR INTERNATIONAL CUP

LA MONTAGNE MAKING THE FIRST GOAL FOR THE AMERICAN TEAM IN THE FOURTH CHUKKER.

ENGLAND WINNER OF POLO MATCH

The Westchester Cup, Prized Trophy, Starts Across Atlantic Saturday.

AMERICA TO SEND TEAM TO BRITAIN NEXT YEAR

Gate Receipts Aggregate About \$200,000 and Expenses Total One-Quarter of Amount.

NEW YORK, June 17.—The Westchester cup, the much sought and highly prized trophy emblematic of the polo championship of the world, is today stored among the effects of the British invaders and will start on its second trip across the Atlantic Ocean Saturday. The score of 4 goals to 2, by which it was won tells only a part of the story of what experts declare to have been the best game of polo ever played. Victory for the challengers was hardly won and well deserved and failure by the defenders to retain the trophy, while disappointing for the moment, served to add interest to the game as a sport in the declaration of American poloists to challenge for a match next year.

Americans Suffer Penalties.

America's defeat yesterday may be laid to the intenseness of the play of the defenders, who, in their anxiety to retrieve lost fortunes, repeatedly became reckless and suffered penalties for a total of 20 points. England lost only one full point because of fouling. Swept off their feet in the first two periods, the American four never stopped fighting. They improved as the match progressed and toward the end they had the British players on the defensive.

This "come back" spirit of the Americans caused Lord Wimborne to say that had the second game gone to the high, the defenders he did not believe the visitors would have won the third game and the match. Maj. Barrett, captain of the English team, in commenting upon the result said that at one time during the game it was a toss-up as to which would win.

Gate Receipts About \$200,000.

Receipts for the two games, it was estimated today, would aggregate about \$200,000, while the expenses will probably not exceed a quarter of this amount. Last year the polo association spent about \$75,000 for the new national polo field at Narragansett Pier, and it is expected that a part of this year's international receipts will be set apart for a clubhouse and other expenses on the new grounds.

Lord Wimborne made several large wagers on his team, and is reported to have won about \$175,000 on his captain. His helpers won heavily at the expense of the Americans.

GILMORE SPURNS SWINDLE.

Congressman Approached With Old Spanish Prisoner Fraud.

Edward Gilmore, a country provision merchant of Massachusetts, today received a communication from a Spanish prisoner offering a share in a sixty-thousand-dollar fortune which is alleged to be hidden in a locked and iron-bound trunk in Madrid. All that Mr. Gilmore must do is to put up a large sum of money and go to Madrid, where he will be able to find the Spanish prisoner, one Arturo Grano.

However, it seems that Edward Gilmore has an alternate capacity as representative in Congress from Massachusetts. In his capacity as a country storekeeper, which seemed to hold out so alluring a prospect to the well known Spanish prisoner game, he consulted himself as a wise and far-seeing congressman and determined that he would allow the Spanish fortune to rest in its old trunk.

NEW TYPE OF MONEY SOON TO BE ISSUED

Federal Reserve Notes Amounting to Many Millions in Contemplation.

SAMPLE BILLS SUPPLIED BY GOVERNMENT BUREAU

Five Denominations Submitted, \$5 to \$100—Plans for Uniform Design in Paper Currency.

Millions of dollars' worth of paper money of a new type will be put into circulation upon the establishment of the federal reserve bank within the next few weeks.

Under the federal reserve bank act each of the twelve federal reserve banks will receive advances from the federal reserve board in the form of federal reserve notes, a distinctly new sort of paper money. Commercial paper will be the collateral advanced by the various banks as security for these notes.

Controller of the Currency Williams has samples of this new paper money now under consideration. At his request, Joseph E. Ralph, director of the bureau of engraving and printing, prepared notes of \$5, \$10, \$20, \$50 and \$100 denominations and these have been submitted to Secretary McAdoo. It is not likely, however, that the samples will be officially accepted until the members of the federal reserve board have been confirmed by the Senate and can confer with Secretary McAdoo and Controller Williams concerning the new notes.

Designs of New Notes.

The new five-dollar note submitted by Mr. Ralph is typical of agriculture. The portrait on the face of the note is Lincoln's, and the back shows a harvesting machine and allegorical figures typical of farming. The ten-dollar note bears a portrait of Cleveland and a manufacturing scene. The twenty-dollar note bears Jackson's portrait and is typical of commerce, having a steamship, train and other mediums of trade on the back. Grant's picture is shown on the fifty-dollar note, and Franklin's portrait adorns the one-hundred-dollar bill. Both of these larger bills are typical of the arts. All the bills will be printed in green ink on the back, while black ink will be used on the front.

For some time the Treasury Department has been anxious to make all paper money more uniform. At present different portraits appear on different sorts of paper money of the same denomination. It is likely that the portraits selected for use on the federal reserve notes will also be used on other paper money. So in the future all bank notes, gold certificates, silver certificates and federal reserve notes of \$5 denomination will probably bear Lincoln's portrait, and so on through the series up to \$100.

Redemption Fund.

Of the 40 per cent gold reserve banks maintain against their outstanding federal reserve notes at least 5 per cent will be kept in the United States Treasury for the redemption of such notes. It is provided under the new law that when one federal reserve bank receives federal reserve bank notes issued by another bank it must return them immediately to the issuing bank, and a heavy penalty is provided for a bank which pays out notes other than its own.

Will Represent Local Union.

At a meeting of assemblymen from all councils of the National Union of the District last night at Pythian Temple, D. V. Chisholm, U. S. J. Dunbar and W. D. Brown were elected senators to the convention at Mackinac Island, Mich., next August. F. E. Ferguson was named president of the senate from this jurisdiction.

Mrs. Joseph R. Knowland, wife of Representative Knowland of California, who is a candidate for the Senate, will stum the state with her husband.

PRISON TERM AND FINE FOR OPERATOR OF AUTO

Philadelphia Court Denies an Appeal From Conviction of Involuntary Manslaughter.

PHILADELPHIA, June 17.—Pedestrians have the right of way at street crossings and drivers of vehicles must recognize this right at their risk," declared Judge Sulzberger yesterday in the quarter sessions court in refusing a new trial to William K. Hoskins, driver of an automobile, convicted of involuntary manslaughter for running down and killing Mrs. Eliza Brothwell here last November. Hoskins was sentenced to six months in jail and to pay a fine of \$250. Counsel for Hoskins at once appealed to the superior court, contending "that the judge's theory of the law is a misguided one founded on a personal prejudice against the operators of automobiles who figure in incidents of this kind."

Court's Opinion.

In the course of his opinion Judge Sulzberger said: "The defendant thinks that under the circumstances the decedent's death was an unavoidable accident. 'The term unavoidable accident' has been, of late, much abused. It seems often to be applied to the result of the collision rather than to its cause. This error has been favored by the powerful body of opinion which receives with horror the notion that a class of persons, many of them well endowed with worldly goods and bearing a good reputation for honesty and good citizenship may be guilty of criminal conduct."

BELIEVED STORSTAD HAD RIGHT OF WAY

First Officer of Collier That Sank Empress of Ireland Testifies at Inquiry.

QUEBEC, June 17.—The captain and the first officer of the collier Storstad testified today at the Empress of Ireland wreck inquiry and contradicted in several particulars the statement made on the stand yesterday by Capt. Kendall of the lost liner. The first officer, Alfred Tuff, who was in command of the collier when the collision occurred, insisted that there was no explosion and no sheet of flame from the side of the Empress when she was struck, as Capt. Kendall had described. Tuffness swore that all he saw were sparks, such as might have been expected from the impact of steel on steel. The first officer admitted that he had not obeyed instructions in failing to call his captain from below when the fog shut down just before the collision. He said he believed that the Storstad had the right of way and that he was entitled to keep his course at reduced speed, even though he had signaled previously to the Empress that he had stopped. He blamed the current for swinging the ship. It was the speed of the Empress, he claimed, which caused the Storstad's bow to sink twelve feet into the side of the passenger vessel.

HECHT & COMPANY, Seventh Near F.

The Society Clothes Shop

Now Selling Men's and Young Men's

SUITS

Regularly \$22.50, \$25 and \$27.50

\$15.45

Madame Lyra Announces a Demonstration

The various new models of Madame Lyra Corsets are to be demonstrated daily, all this week, in the third floor parlors of the Palais Royal. Parisian in style, finish and fit, Madame Lyra Corsets are the equivalents of the imported costing \$5.50 to \$20.00, while only \$3.00 to \$10.00. It must be admitted that the Parisiennes set the style. The world follows. The Parisiennes still demand the uncorseted figure, supple and willowy, which can be obtained only by the latest models in corsetry, designed to produce just this free, charming effect. Madame Lyra Corsets are such corsets, expressing to perfection the beautiful lines of the natural form, their flexibility yielding to the movement of the body, producing grace, ease and comfort, as well as smart style. Among the many modish models of these very exclusive Madame Lyra Corsets are a wide range of designs, including a model for "your" particular figure. Secure it and you obtain all that is luxury in corsetry.
